

Chemical Waste Collection and Turn In

- The container must be marked **“Hazardous Waste”** with the accumulation start date or properly tagged.
- Transfer materials only inside fume hood.
- Containers must be kept tightly closed unless adding waste.
- Store in designated **“Satellite Accumulation Area”**.
- Segregate waste by chemical compatibility.
- Keep waste in secondary containment.
- Inspect daily for signs of damage to containers, labels or leaks.
- Arrange for waste pickup when containers are $\frac{3}{4}$ full or close to one year from accumulation start date.
- For waste pickup contact EH&S at safety@mail.ecu.edu or **328-6166**.
- **Clean up all spills promptly.**
